

# INNOVATIVE PROJECTS FOR THE FUTURE WORKING WORLD

**W-Group** is the **first Italian** multi-brand group of human resource solutions.

With a turnover of 1 billion euros, 50 branches and 170 employees, the Group accelerate towards the goal of becoming a **leading player at the European level**. In the next few years the number of branches will rise to 250 and the people of the Group will become a total of 1.600.

**Ali Lavoro S.p.A.** is one of the flagship brand of the group.

# 2 PROJECTS

# The flagship of the Italian industrial automation

The project will involve one of the **main companies in the industrial automation sector**, with which we have been collaborating since 2020 to establish **dual apprenticeship academies**. In September, the **fifth edition** went live.

Key point:

- Involve into the project in Dual Apprenticeship (1 year of work and training experience) **4 Tirana University's talented students** (College of Engineering).
- The goal is **to strengthen professional ties** between Italy and Albania in the industrial automation sector.
- Start a brand new **hub in Albania**.

# Italian player in the IT Consulting Sector

The project will involve one of the **most important companies** in the **IT sector**, one of the main Italian players in the IT Consulting sector, specialized in System Integration services.

## Key point:

- Involve into the project in Dual Apprenticeship (1 year of work and training experience) **4 Tirana University's talented students**.
- The goal is **to strengthen professional ties** between Italy and Albania in IT sector.
- The project serve as a bridge for **Italian companies doing business in Albania**.
- Start a brand new **hub in Albania**.

**Ali Lavoro SpA**
